Title: Rain senson - Automatic switching on of windscreen wipers during rain

Priority: 1

Test steps:

Launch ets2.exe

Press "Start" to start the game

Press Esc, go to settings

In the settings, go to the "Gameplay" tab and increase the probability of precipitation to the maximum In the "Gameplay" tab, enable "Rain sensor"

Exit of the settings into the game and wait for the rain

Expected result: the wipers turn on themselves when it rains
